11. Under New Mexico Statute 61-3-23.3C (NMRA 1978), a certified registered nurse anesthetist such as Michael Steele can function only under the

direction of and in collaboration with a licensed physician, osteopathic physician, dentist or podiatrist licensed in New Mexico pursuant to Chapter 61, Article 5A, 6, 8 or 10 NMSA 1978 in performing the advance practice of nurse anesthesia care.

"The doctrine imposing joint and several liability shall apply to any persons whose relationship to each other would make one person vicariously liable for the acts of the other, but only to that portion of the total liability attributed to those persons."

14. The Federal Tort Claims Act does not impose any limitation on damages.

15. The New Mexico Medical Malpractice Act does not apply to dentists; a dentist, whether in the private sphere or an employee of the Federal Government, can not become a "qualified healthcare provider," as defined in the New Mexico Medical Malpractice Act.

16. The New Mexico Medical Malpractice Act does not apply to any employees of the United States Government who have not become "qualified healthcare providers" according to the terms and requirements of the NMMMA.

17. The limitation on damages provision of the New Mexico Medical Malpractice Act violates provisions of the Constitution of the State of New Mexico and

of the Constitution of the United States of America.

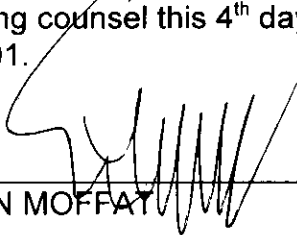

18. Defendant United States of America has admitted in paragraph 17 of its Answer to the Complaint that: "Mr. Steele and Dr. Holbrook removed the endotracheal tube."
